PROJECT REPORT

PORTFOLIO

Developed by

Name : MD. RIZWAN FATMI

Address : Patna,Bihar-800 006

Mobile : + 91 8210006010

ACKNOWLEDGEMENT

My acknowledgment extends to all those who teach me to code and prepare projects. I am thankful to all of my teachers who give me valuable and very important guidance and information to make this Project Report Successful.

I am grateful to other members of my study center and regional center, Patna for imparting to me the required & necessary training, information, guidelines, sympathy, and criticism which upgraded my programming skills and troubleshooting while doing this project very much.

Lastly, I would like to thank my family, my friends, and my respected seniors for their moral support and other precious co-operations.

Place: Patna.

Date: 31/10/2022.

C: Screen Shots

1 Project Title

"PORTFOLIO"

2 Problem Statement

We submit the resume for job application in which we mention details about our personality, experience, capabilities and Education, but sometimes it is hard to mention all those details in a single paper, so that time we can use portfolio website. The goal of this to showcase my work and let others know about myself.

3 Project Description

It is a web-based application specially built to showcase my work and let others know about me. In addition, it is one of the best ways to express my personality, experience, and capabilities. On this website you can have all the information about me, my education, my skills, and my projects.

3.1 Scope of the Work

This application-based project is design to show the details about my personality, experience, and capabilities.

3.2 Project Modules

User Module: -

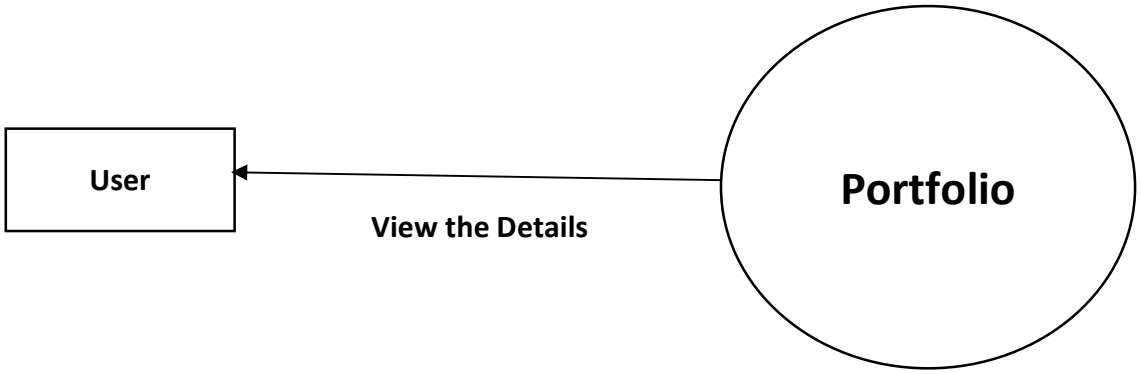
In this module user can have all the details about my personality, experience, and capabilities.

3.3 Context Diagram (High Level)

4 Implementation Methodology

This is a web-based application. This project is built to show case my work and experiences. With the help of this website anyone can have my details, We made this project dynamic so that any person who wants to know about me can use this website.

Context Level/0 Level DFD of Portfolio:



DATABASE:

This is a portfolio website, so there is no need to add any database.

5 Technologies to be used

5.1 Software Platform

a) **Front-end**
HTML 5, CSS3, Bootstrap5, JavaScript

b) **Back-end**
JavaScript

c) **Database:**
Not Any

5.2 Hardware Platform

- **RAM:** 512MB
- **Hard Disk:** 20GB
- **OS:** Windows and Mac
- **Editor:** Visual Studio Code

5.3 Tools

- **LANGUAGES:** JavaScript
- **DATABASE:** Not Any
- **IDE:** Visual Studio Code

6 Advantages of this Project

- Help users to have my information easily.
- User-friendly interface.
- Easy to retrieve information.

7 Any Assumptions

None

8 Future Scope and further enhancement of the Project

The future scope and the further enhancement of the project have been given below:-

- More user-friendly interface
- Easy to use.
